

Customer Testimonials

CAS helps us support our rapidly expanding export customers. We are realising significant improvements in the time-critical export shipment process. With the investment in our Wielsbeke plant, we will increase our capacity by 50%. CAS helps the shipping department keep pace with our growth and realise bottom-line customs duty savings.

- Carmen Wallays

Procurement & Logistics Director

SITUATION

Agristo is a world player in the development and production of frozen potato products. As a Belgian company with headquarters in Harelbeke and more production units in Nazareth, Wielsbeke, and Tilburg The Netherlands, Agristo specialises in offering an extremely wide range of potato-derived products, which they export to Europe, the Middle East, Africa, the Americas, Oceania, and Asia. Exports represent over 95% of their annual revenue.

SOLUTION

Customs4trade helps companies automate and manage customs formalities with CAS, its cloud-based duty management system, resulting in assured compliance, increased speed and control, and cost savings. CAS supports declarations in the UK, Belgium, and the Netherlands, as well as Special Procedures such as Inward Processing, Customs Warehousing and End Use. CAS can be fully integrated with SAP or other WMS or ERP systems.

Since January 2017, Agristo has implemented CAS at four different plants in Belgium and Netherlands. CAS integrates with Agristo's SAP system to produce export declarations to customs and to communicate with Port Community Systems. Export shipments from the brand-new plant in Wielsbeke in Belgium were added to the platform in November 2017, and in July 2018, import shipments were integrated to realise customs duty savings. with the Inward Processing (IPR) module.
